“ One fond memory that many people have of my father are the Hawaiian shirts and the colorful socks he wore. In tribute to my father, my mother, myself, Colton, and Henley will be wearing crazy socks. If you have a colorful pair of socks you would like to wear tomorrow we would love that. He was such a vibrant person that loved life and everybody around him. This is just is just a small gesture for the huge impact he had on so many lives. Thank you so much for all the love and support we have received during this difficult time.

“ So sorry to hear about Ado. He was my neighbor and friend during college and he was always so upbeat and fun to be around. I remember his Volkswagen Bug and some craziness that went along with that. What a blessing he was and he will surely be missed. My thoughts and prayers are with you all during this time.

I had the pleasure of working with Ado at Boeing. He was always a joy. When he walked into the room, the whole room lit up! Such a sweet guy. RIP Ado.
