“ I still cannot believe this is true. You were one of my best friends all through school. We have talked so much since then. I wish now that we could have had time to get together and just hang out like the old days. You helped me through soooo much during high school and since then. I will never forget you Carey. I will always love you. You were the best friend that I could have ever had. Rest in peace. I know you will be smiling down on everyone from heaven. You will never be forgotten.

“ Carey was just like another mother to me. She gave me her heart when I was losing mine. When I thought all hope was gone, Carey and Michael were there to help me through it and I will never be able to show how much I appreciated every second. Every ounce of love you guys gave me. I remember when I came over to visit, Michael and I would run out of snacks so we would sneak her chocolate bars away when she wasn't looking. I never knew how much those memories meant to me until I heard that you were gone. Stay safe wherever you go mamma. With all my love, Your Second Bubba.
