“ *Cheryl and I worked together at Shasta County Children and Families Services where we shared client families. Cheryl was always a joy to work with and a trusted colleague. She was compassionate and insightful. Fun and funny. Her laugh was contagious. As she prepared to move to Oklahoma, she also made sure to honor the many strong relationships she cultivated in California. And to stay in touch. Her family, of course, came first for her. You were her deepest joy. I know you know that. You each remain in my prayers. I will treasure your mom's and grandma's memory as the friend she was. Gone too soon. May her memory be eternal. With love, Andrea*

“ *Cheryl and I were friends since 8th grade, at Lawrence Jr High. I remember that Volkswagen bug she drove, it had eyes painted on it, it definitely fit her personality. In high school we played powder puff football, her nickname was “sweet cheeks” Corsini. Even though we didn’t see each other, or talk to one another consistently, I knew she would always be there for me and she knew I would always be there for her. She will always be my cherished friend. I will miss you at our 50th class reunion, it certainly won’t be the same without you.*
