“ *Jimmy was my first real boyfriend. Met when I was 14 and he was wonderful and sweet. Even though we had 2 years together, he had a real impact on my life. I loved him then and I love him still, i always have and always will.*

“ *I met Jim in the first grade at Longfellow grade school. I remember sometime after his birthday after 1st grade he come over to the house and had a new bike. He said he got it for his birthday and said take it for a ride. I said i can't do that I might wreck it and I don't want to scratch it up. Jim said you won't go ahead and try it. I did and I did not wreck it. I will always remember that about Jim.*
