“ I have many memories of my brother kenny.I think every one will remember the way he always wanted to work on cars, even if he did not know what was wrong or how to fix it if he did, he wanted to atleast try. Kenny always wanted to help or offer himself as a person to talk to if you were troubled by something. I only have one regret and thats not spending more time with him when i could have. We love you and will deeply miss you bro, rest in piece kenny
