“ I always had fun in his classes. Of course, I got into trouble for talking! He always had chalk all over his hands which we thought was so funny. He was a great guy! We are thinking of you in your time of loss.

“ Paul Koppitz was one of the finest men I've ever known. A kind and generous man who did everything he could to make my trips to Oklahoma wonderful. He would always saddle up the horses for a ride because he knew I loved it. Collected skulls from the pastures, packed big sacks of horse manure for me to take home to my compost pile. I can't count the ice chests full of meat and when Gorgiana was alive always a huge lunch packed for the trip home. So many memories. A big man with a big heart. I've seen him in his girls, their fathers daughters.

“ *Mr Koppitz was a special person in my life not only as my HS scienc teacher but also a family friend. My parents used to go out with him & Georgiana. I remember in my younger years going out to their house to play w/the girls. The girls also gave me & my 2 sisters their hand me downs. I admired the beautiful horses Mr Koppitz raised & eventually my family acquired one of the phillies named Poco Golden Glow. May all of your memories of the Paul Koppitz family be as pleasant as mine. Sincerely.*

“ *Dear Shelley & Jonni, It was with deep sadness that I read about your father's passing. He was a gentle man and a beloved teacher. I wish every kid could have learned from him as you and I did.*

“ Coach Koppitz had the most influence on me than any other coach during my athletic career in Alva Oklahoma. At the early age of 11 or 12 years of age coach Koppitz taught me the fundamentals of playing the game of basketball that I carried with me through my college days. Not only did coach impact my athletic playing career but also my teaching, coaching and educational administration philosophy during the past 42 years I have been in the education profession. It took me a long time to be able to call coach "Paul", but coach was truly a friend, mentor, and a great role model for all of those students he touch during his life long mission of teaching and coaching. I have said it before to you personally Paul, but I will say it one more time, "Thanks coach for all that you did for me and my family!" Alva Goldbug 1963

“ Gentle memories of the special times that you always shared will live forever in your heart as a reminder that you cared. And since time is a great healer eventually you will find, a beautiful peace and lasting comfort in the gentle memoies left behind.

“ Dear Shelley and family, I am thinking of you during this difficult time. I am so thankful that I got to know your dad during these last few years. He was a true gentleman with a huge heart. I only wish I could have known him longer. The video that you put together captured him so well. A light has gone out in this world . . . but heaven is all the brighter. “ Coach Koppitz was one of my favorite teachers and certainly my favorite coach at AHS. He expected a lot out of us, which we didn't always appreciate [especially running up and down that hill behind the field at Hatfield Park] but he probably got better results than our talent should have yielded. One of my best memories of high school is winning the regional tournament and going to the state baseball tournament my junior year. Fuzzy, you were a great man and had more of an impact on my life than you ever knew. I've thought about you often and know that you are now in the eternal dugout calling the plays. Rest in peace my friend.

“ Shelly and family,
I have such great memories of your Dad. I think he was the most caring coach I ever had. I always enjoyed talking with him and looking at his horses. I remember playing summer softball for Shelly...and wanting Coach to help..he always had a way of making you the best you could be. May God bless your family and give you comfort during these difficult days to come. You are in our thoughts and prayers.

“ coach Koppitz was a good man always. He coached me from 7th grade up through my senior year. He truly enjoyed being around kids. He really enjoyed baseball. He was easy going but yet he had a way to reach us and expect our best all of the time. I had no idea at all of his decorations from the great war. If i had known I would have loved to have asked him about his experiences. I know he would have liked that. He was a gentleman always. Fuzzy, I will always remember you. Thank you for you.

“ shelley and jonni,
your dad was a very special man.i thought the world of paul.my first dealings with him was my freshman year at alva high.he was a good teacher,that i enjoyed very much.after high school,we ran a rock shop across the road from one of his alfalfa fields.my cousin and i bought two blinds calves from him.with the intent of starting our own cattle company!of course we were always broke and couldnt afford feed for these cows.and everytime your dad would bale hay,we would sneak across the road and help ourselves to a couple bales.your dad knew what we was doing because after a while he would leave some hay out in the field,knowing we would be out to get it.
the last time i seen your dad was a couple months ago as i was heading into town.he was walking into town to mail some letters.i turned around and picked him up and drove him to the post office and then back home.i am so glad i came back and picked him up that day.i so enjoyed our conversation on the way to town and back.

REST IN PIECE MY FRIEND.I WILL ALWAYS REMEMBER YOU.
