“ I will deeply miss her, I did much business with Jack and her back in the 90's and early 2000s, always full of joy. I have noticed in the last pictures she knew she had enough,, looked tired.

Thank you. They made quite the pair in the cattle-buying days! I appreciate your comment and she is at peace,even though we will miss her.

“ Sandra was my sweet sister-in-law! I remember all my times with her as joyful, fun, and so inspiring! She exhibited such hospitality to me and ALL my family members! The more the merrier! She loved many people and many kinds of things! She had beautiful plants and flowers; she could cook almost anything and it was all delicious; and at Christmas there was a gift for everyone and lots of fun and special things for all the children! Sandra had a zest for life that just came over all of us! I remember many holiday gatherings with lots of family members! I remember lots of smiles and laughter! And I always learned something about some aspect of life from being there -from gardening, to the cattle business, about growing flowers, or historical things of OK ( I was a native Texan!). She was a loved person by many. I think of her as a treasured mother, daughter, aunt, sister, ( and I loved her as a sister even though we were sisters-in-law), grandmother, and friend, and anything I may have overlooked! She will be greatly missed!

“ *Sandra and I worked together on the last census. We went to training together and went out on the same crew. Sandra was a hard worker and very professional but she also knew how to have fun. We spent many hours together knocking on doors and hunting down addresses. We hit it off and enjoyed each other’s company a lot. Of an evening when we were out of town with the census we would eat our supper together too. Just thought I’d share. She was a wonderful lady and I enjoyed knowing her.*
